Correction: Gross and histologic evaluation of effects of photobiomodulation, silver sulfadiazine, and a topical antimicrobial product on experimentally induced full-thickness skin wounds in green iguanas (*Iguana iguana*)

In the report "Gross and histologic evaluation of effects of photobiomodulation, silver sulfadiazine, and a topical antimicrobial product on experimentally induced full-thickness skin wounds in green iguanas (*Iguana iguana*)," (*Am J Vet Res* 2018;79:465-473), the following information should have been included in the Acknowledgments on page 471: Dr. Joerg Mayer is an unpaid consultant for the Companion Laser company.
