#### Correction: Diagnostic Imaging in Veterinary Dental Practice

In the Diagnostic Imaging in Veterinary Dental Practice article published in the February 15, 2010, issue (*J Am Vet Med Assoc* 2010;236:405–407), it is incorrectly stated at the end of the first paragraph in the History and Physical Examination Findings section that the rabbit had previously responded to treatment that included oral administration of penicillin G potassium. Penicillin had been administered SC in the rabbit.
