Correction: Idiopathic pure red cell aplasia and nonregenerative immune-mediated anemia in dogs: 43 cases (1988-1999)

In the report "Idiopathic pure red cell aplasia and nonregenerative immune-mediated anemia in dogs: 43 cases (1988-1999)" (*J Am Vet Med Assoc*. 2000;216(9):1429-1436. doi: 10.2460/javma.2000.216.1429), the units for serum iron concentration in Table 2 should be ($\mu\text{g}/\text{dL}$) and not (mg/dL).
