

Supplementary Figure S4—Values of selected echocardiographic variables over time in the dogs in Supplementary Figure S1. E:Ea = Ratio of early diastolic mitral inflow velocity to early diastolic mitral annular motion. IVSd = Inter-ventricular septal thickness in diastole. GLS = Global longitudinal strain. LA:Ao = Left atrium to aortic root ratio. LVIDd = Left ventricular internal dimension in diastole. LVPWd = Left ventricular posterior wall thickness in diastole. See Supplementary Figures S1 and S2 for remainder of key.
