

Supplementary Table S1—Number of animals reported to be rabid in the United States, including Puerto Rico, and percentages of samples tested for rabies that yielded positive results for 2016 through 2021.

Animals	2021			2016–2020			
	No. of rabid animals	No. of animals tested with positive or negative results	Percentage of samples with positive result	No. of rabid animals		Percent of samples with positive result	
				Mean	95% CI	Mean	95% CI
Domestic animals							
Cats	216*	17,460	1.2%	261	246–277	1.3%	1.1%–1.4%
Cattle	40	729	5.5%*	44	33–56	4.2%	3.4%–5.1%
Dogs	36*	19,283	0.2%	57	48–67	0.3%	0.2%–0.3%
Horses and donkeys	18*	573	3.1%*	16	12–21	2.3%	1.8%–2.8%
Sheep and goats	1*	541	0.2%*	11	9–12	1.8%	1.5%–2.0%
Wildlife							
Bats	1,241*	23,160	5.4%*	1,500	1,399–1,602	6.0%	5.6%–6.4%
Raccoons	1,030*	10,504	9.8%*	1,425	1,343–1,507	11.2%	10.5%–11.8%
Skunks	691*	3,182	21.7%*	947	889–1,005	23.6%	22.5%–24.7%
Foxes	314*	1,510	20.8%*	337	319–354	18.7%	17.7%–19.7%
Other wildlife	56	1,680	3.3%*	59	51–67	2.5%	2.0%–3.1%
Rodents and Lagomorphs	20*	1,612	1.2%*	37	31–44	1.9%	1.6%–2.2%
All domestic animals	311*	38,719	0.8%	392	374–410	0.9%	0.8%–0.9%
All wildlife	3,352*	41,611	8.1%*	4,305	4,120–4,490	9.0%	8.7%–9.3%
All Animals	3,663*	80,330	4.6%*	4,697	4,514–4,880	5.1%	4.9%–5.2%

*Significantly different from mean value for 2016 through 2020.
