Correction: Quantitative assessment of velocities of the annulus of the left atrioventricular valve and left ventricular free wall in healthy cats by use of two-dimensional color tissue Doppler imaging

In the report, “Quantitative assessment of velocities of the annulus of the left atrioventricular valve and left ventricular free wall in healthy cats by use of two-dimensional color tissue Doppler imaging” (AJVR, February 2006, pp 250–258) Jean-Louis Pouchelon, DVM, PhD, was incorrectly deleted from the list of authors in the byline.
